

# Planning Application Case Evaluation Service (PACES)

Reduce planning application backlogs and increase productivity

# Helping you get ahead

TerraQuest's Planning Application Case Evaluation Service (PACES) is designed to reduce the time and cost taken to evaluate planning applications while enhancing the applicant's experience.

PACES helps local planning authorities to successfully handle increased workload, clear application backlogs and meet service level commitments.

Our services cover evaluation of all planning application types, from householders and prior approvals, up to complex minors and majors.

TerraQuest fully evaluates all cases against local policy and the national framework producing quality assured recommendations.

The dedicated team at TerraQuest has previous experience at multiple local authorities, making high quality assessments of a range of applications in a variety of settings.

# Your complete service

Pre-application advice, screening and submission support provided.

Online applications submitted using the Planning Portal.

All payments processed through the Planning Portal payment service.

All applications validated and assessed, including householder, minor and majors.

Applications evaluated based on local policy and national framework.

Applications managed working with agents and applicants.

//

We have previously used TerraQuest to assist our team in clearing a backlog of minor applications.

The quality of the reports and recommendations have been extremely high, which made our job easier in terms of signing off decisions. We have since used TerraQuest to assist with Conservation Officer support by providing Consultee support and again the service provided was excellent.

We would certainly use TerraQuest again for planning support across our service in the future.

**Development Manager, Rochdale Borough Council**
